

Girl in the Rain

Design by Marianne Crivellaro

Children have such a wonderful time walking and playing in the rain, and this little girl, captured so beautifully by Marianne Crivellaro, is certainly no exception. The design was originally published in Marianne's book, *More Little Women*, and is now available as part of *The Ultimate Pattern Book, Volume 2*. This collection includes over 300 full-size beginner to intermediate suncatcher and small panel patterns that can also be used for mosaics or fused glass designs. Besides *More Little Women*, you'll also find *Paws*, *From the Heart*, *Florals All Around*, *Adorable Angels*, *Deck the Halls*, and six other complete pattern books.
